

THE TRI-WEEKLY COMMONWEALTH
Will be published every Monday, Wednesday and Friday, by
A. G. HODGES & COMPANY,
At FOUR DOLLARS PER ANNUM, payable in advance.

THE WEEKLY COMMONWEALTH, a large mammoth sheet, is published every Tuesday morning at TWO DOLLARS PER ANNUM, in advance. Our terms for advertising, either in the Tri-Weekly or Weekly Commonwealth, will be as liberal as in any of the newspapers published in the west.

The Frankfort Commonwealth.
A. G. HODGES & CO., PROPRIETORS.
J. H. JOHNSON, Editor.

The Proprietors of the Commonwealth, grateful for the generous patronage which has been bestowed upon them, are determined to furnish their patrons a journal which shall be unequalled in any of the departments which comprise a first class newspaper.

Published at the Capital of the State, it will be enabled to furnish its readers with the latest intelligence of the actions of the higher courts and of the various departments of the State. It will also contain the latest telegraphic news of stirring events, and also of the New York, Cincinnati, Louisville and New Orleans markets.

In politics the Commonwealth will be conservative, occupying a middle and antagonistic ground in reference to the two extremes. The old parties broken up, and old issues virtually dead, the vital question at present is Union or disunion. The Commonwealth is for the Union, believing it to be the greatest safeguard for our rights, as well as our most effective auxiliary in our efforts to obtain redress for our wrongs. Its conductors do not regard disunion as a remedy for any of the wrongs of the South, but rather an aggravation. It will contend for the equality of the States in the Union, and for the absolute non-interference by Congress with the domestic affairs of the States and Territories.

We shall aim to make the Commonwealth an acceptable and appropriate fireside companion. It will contain selections from the choicest literature of the day, prose, poetry, &c.
The Weekly will be printed on extra double medium paper, in new and beautiful type.
Terms, in advance, for the Tri-Weekly, \$4 per annum.
Terms, for the Weekly \$2 per annum.

NOW READY.

A Practical Treatise for the use of Justices of the Peace, Constables, Sheriffs, Jailers, and Coroners in Kentucky.

By RICHARD H. STANTON, MAYSVILLE, KY.

THIS NEW WORK, WHICH HAS been prepared with unusual diligence and care by the author, is intended to be a complete and perfect guide to Justices of the Peace, and the other officers named above, in the discharge of their respective duties under the laws of the state. Its arrangement is such, that while it presents to the officer a full view of the law which he may be called upon to enforce, whether civil or criminal, it affords him such complete and accurate instructions as to the practical manner of discharging his duties, in each particular case, that it will be almost impossible for the least informed among them to go astray.

Every necessary form which a Justice of the Peace, or other officer may require in the course of his official duties, will be found in its appropriate place in the work; and the instructions are so full, perspicuous and clear, that it will be found an invaluable official companion to those for whom the treatise is intended, and a highly useful work to the legal profession, and all others having business with those officers. The author has spared no labor to make it just such a work as is now most needed by the class of officers whose duties are so fully and clearly explained, and his well known accuracy and success will commend it to the hearty patronage of all persons in Kentucky concerned in the administration of the law.

The work contains six hundred and fifty octavo pages, is printed on fine

Flag on the Cross of Trinity Church.

On last Thursday week, says the New York Journal of Commerce, an intense and painful anxiety was caused in the breasts of thousands of spectators on Broadway and Wall street, by the appearance of a man in the act of climbing Trinity church steeple. The intrepid individual emerged from the topmost oriel window, from which a pole, with the American flag on the end of it, has for some time been exhibited, and, catching firm hold of the fretted stone work, commenced slowly to ascend. As he mounted higher and higher, the diminishing diameter of the steeple made the task easier, and enabled him to quicken his steps. In a few minutes he had reached the foot of the cross, and hanging to that firm object was safe. At this point the repressed excitement of the eager watching throng found vent in loud cheers, which the venturesome climber acknowledged by waving his hat. The object of his hazardous undertaking then became apparent, for he could be seen fastening a halliard to the foot of the cross, as a preparatory step for the raising of a flag to the highest artificial point in this city. The object of his exploit having been achieved, the climber groped his way down; and every observer felt a great deal better when he had reached the little oriel window, and crawled in again.

MIDNIGHT DEPREDACTION.—We understand that some vile miscreants entered the office of the Nicholasville Democrat, on Saturday night, when the whole town was wrapped in sleep, took from the office its cases of type, and emptied them into the street. The Louisville Courier says it was done by a mob. Not a word of truth in it. It was done stealthily, under the cover of midnight darkness, and the scoundrels thus shielded themselves from discovery and responsibility. The same paper says that "the Democrat was conducted by two Ohioans, who had by their conduct made themselves exceedingly offensive to the people in that vicinity." This is also untrue. The paper is owned and conducted by Dr. John Welch, a native Kentuckian, an excellent gentleman, who is as ardently devoted to Southern Rights, at the same time that he is not for going out of the Union to find protection for them, as the loudest clamorers for Southern rights in the secession party. The act was cowardly and malicious; and if the perpetrators are discovered, they will have to find "their rights" in a more congenial climate than that of the patriotic county of Jessamine.

We are gratified to hear that the loss to Dr. Welch is trifling, the labor of re-arranging and arranging the type being the principal item.—*See Obs. & Rep., 8th.*

FEMALE VOLUNTEERS.—The Philadelphia Inquirer says:

It is confidently asserted that a gentleman and his wife have enlisted in one of the regiments about to proceed to Washington, and that they have entered their names upon the roll as brothers; the lady is the exact size of her husband, and wears a suit of his clothes. She is determined to go with him through the war, and to die with her husband, if need be. They have no children.

CAPT. LAMB'S BODY FOUND.—It will be gratifying to the many friends of Capt. Wm. Lamb, of the ill-fated steamer Pacific, to learn that his body was found on Monday last, about one-half mile below Uniontown. The accident to the Pacific, by which his life was sacrificed, occurred on the 15th of November. The remains will be brought to this city for interment.—*See Jour.*

"Excellent advice is contained in a quaint speech of Hon. James Craig, at St. Joseph. 'Put ice in your hats, and not cockades on them.' There is altogether too much excitement in the brainless heads of a good many who run about the streets, with seemingly no other object than to work themselves and others into a foolish fever. Let them put ice in their hats."

From the St. Louis Republican, 7th.

Kentucky.

We are permitted to publish the following letter from Hon. W. L. Underwood, of Kentucky, to a friend in this city:

Mr. A. H. Warren co., Ky., May 1. Dear Sir: I returned from Washington yesterday, where I was when your letter reached this city. My object in going there was to ascertain for myself the true purpose of the Government, and as dependent upon this the true policy of Kentucky. The condition of Missouri socially and geographically, is very similar to that of Kentucky, except that she is even more exposed in the event of her secession than Kentucky is. They are in conditions, sufficiently similar to make their policy the same. Secession is alike fatal to both. You are almost a peninsula of slave territory, jutting into an ocean of free soil. You are subject to exposure, therefore, from which no courage nor constancy can relieve you—to invasions, raids, and incursions, from almost every quarter. Your neighbors are willing now to be friends, but they are resolved, as is every other free State, to support the Government in the rightful exercise of its legitimate functions, the first of these being to maintain its own existence against the plottings of those who would annihilate it, in order to form new and unauthorized combinations out of its fragments. Should Missouri place herself in co-operation with these and in hostility to the Government, she will, by her own acts, thus place herself in hostility with her neighbors, and she will have no cause to be disappointed that her fields may be devastated, her trade ruined, and her slave property swept from existence. Ancient friendship, and the remembrance of pit good neighborhood, will but embitter the coming feud, and that war which is first civil, will become social and then servile, until all that is worth preserving is gone. Stand then, my dear friend, by the Constitution of your country, enforce its laws, and maintain the integrity of the Union. In this alone consists your safety. Let no folly, or indiscretion, or the imbecility of Mr. Lincoln's administration on the one hand, nor sectional pride and affinity, nor glowing portraiture of wrongs, real or imaginary, which the South has endured, (but the existence of which she can alone redress in the Union, and not out of it,) swerve your gallant State from her allegiance to a General Government that has never deprived her of a solitary right, or inflicted on her a single wrong. The policy of the Administration to all the border States, which have not seceded, is the same. In reference to Kentucky, Mr. Lincoln told me he hoped Kentucky would stand by the Government in the present difficulties, but if she would not do that, let her stand still and take no hostile part against it, and that no hostile step should tread her soil. This is true with Missouri. Let me tell you further, that the temporizing policy of the Administration, in reference to the assaults and capturing of its forts, arsenals and property, is over. Henceforth, they who make war, will have war made on them. The monopoly which the South has enjoyed in that direction has ended, and all the powers of the Government henceforth will be exerted to maintain the property and the legal authority of the Government within its just limits. You need not, therefore, be surprised to hear of the vigorous blockade of the Chesapeake and Hampton Roads, and of the ports of seceded States, and that if these States erect batteries at Memphis or Vicksburg to interrupt the commerce of the Mississippi, that measures of stern retaliation or resistance will be inaugurated by the Government, to force the poisoned chalice to the lips of those who first drugged it. I could enter much more in detail, but have not time. I start when this is closed, to fill my appointments—to make Union speeches. God grant that Missouri may stand firm. I trust Kentucky will, though the storm beats heavily against her.

Yours truly,
W. L. UNDERWOOD.

THE VAST IMPORTANCE AND FRUITFUL WANT OF DISCIPLINE AMONG THE VOLUNTEERS.—The Philadelphia Bulletin says with pertinence and force:

There are some points to which civilians, not trained to war, do not sufficiently look, when summoned to command. They look too much to direct fighting, and not enough to those incidents which are quite as important as the fighting itself.

One point of vast importance, is the commissariat. The necessity above all necessities in war, is that the men be fed. They should not only have sufficient food, but it should be the right kind of food, and wholesome in quality. Obvious as this seems to a trained soldier, there is nothing which a militia colonel is so apt to neglect.

The next thing is the Quartermaster's Department. Troops must not only be fed; they must be sheltered. Yet a man, who would never think of taking a single family into any locality without arranging for a roof over their heads, will march a regiment into a position, without an inquiry as to whether he can shelter their heads from the rain or cold.

Another point in which our volunteer colonels greatly fail in discipline. Nothing amazes a trained officer more than the lack of some of our volunteer camps. The men are allowed to be dirty, because there is no proper inspection. There is no cordon of sentinels completely encircling the camp, as there ought to be; for a sentinel at a single point is mere trifling. People are allowed in far too great numbers to crowd into the encampment, and in some of them we hear that women of all sorts traverse the tents early and late. Soldiers, too, with scarce a restriction, are allowed to leave the encampment, and get into all kinds of mischief.

The sooner this matter is looked to the better. If not attended to at once, the result will be filth, disease, demoralization, and all manner of confusion. The very essence and idea of an army is command and subordination, and the sooner everything is put on the right footing, the less there will be to regret and to unlearn. We are engaged in no child's play. This war may be the work, not only of months, but of years. Our soldiers will obey, if their colonels are only firm and consistent. Without discipline an army is a pandemonium.

We find the following—italics and all—in the Cincinnati Commercial, of the 8th:

GOVERNOR MAGOFFIN AND KENTUCKY ARMS.—Some of the peace papers of Kentucky, are professing incredulity as to the mission of Dr. Blackburn in Louisiana and Mississippi, and his contracts with the authorities of those States for arms. We happen to know that Dr. Blackburn has procured a large supply of arms in Louisiana and Mississippi for the secessionists of Kentucky, and that they are being shipped to interior places in Kentucky, by way of Nashville. A considerable number have already arrived in Kentucky. There is no guesswork about this. It is authentic.

Speech of Reverdy Johnson.

BALTIMORE, May 7.

The Union demonstration at Frederick today was a grand affair. Hon. Reverdy Johnson, in behalf of ladies, presented a flag to the Home Guard, which had 150 members present, besides a large and enthusiastic gathering of the people.

Mr. Johnson said: In the original causes which have produced the present emergency, Maryland has had no share. Her people were, and now are, zealous in support of the constitution and the government, which they were foremost in forming and adopting. No threat of treason has ever been whispered within her limits, while the blessings and advantages of the Union have ever been fully estimated and appreciated. The loss of these advantages, it is felt, would be utter ruin. In this ruin all the States would more or less share, but our geographical position would make, to us, immediate and total separation impossible, but for the resistance to its just and legal authority. The Government had given no causes, and had the friends of constitutional rights remained at their posts in Congress, the power of the Government to transgress its authority could have been effectually thwarted.

The leaders of the rebellion were actuated by an unholy thirst for official power. The fact is evinced in the elevation to place, of all, who have deserted official positions or plotted treason. They may as well strike at the heavens with their arms against the American Union. Defeat was certain to rebellion.

The free States, according to the last census, have 3,778,000 males between the ages of eighteen and forty-five. The slave States have 1,665,000. The seceded States, exclusive of Virginia, had only 536,000; and the difference in wealth is proportionate to that of men.

With such a vast disparity, the end of the struggle is beyond doubt. It was the aim of the South to confine the war to the border States. Mr. Cobb was, even now, contemplating them on the removal of it from their midst, but Maryland should frustrate this cowardly policy. Let those who have provoked the war bear its entire fruit.

Maryland's proper position is to remain firm in her loyalty to the government. The rebellion leaders have done all they could for Mr. Lincoln's election as the means of precipitating a revolution by the South. They relied for the success of their plans on the intervention of the Border States and divisions in the North; but they were short-sighted men.

The first gun fired at a noble and starving garrison was a blow at the national heart, and an united North had sprung to arms in vindication of the flag and for the maintenance of the Government. Heaven forbid that the duty of the vindication should be forgotten by Maryland!

WHEELING, Va., May 8.

A large Union meeting was held at Kingwood, Reslin county, on the 4th inst. Resolutions were adopted expressing unalterable opposition to the ordinance of secession, and favoring a division of the State, and to vote for a delegate to Congress. Delegates were appointed to the Wheeling Convention.

Nothing has been heard from the Kanawha region. Advances from various western counties indicate great increase in the Union sentiment. All necessary arrangements are being made for holding the Convention in this city on Monday next. Fourteen counties have thus far appointed delegates. A great deal of enthusiasm is manifested over the receipt of 2,000 stand of Government arms which reached here to-day.

FREDERICK, Md., May 8.

The court-house was nearly destroyed by fire last night. It is supposed to have been a piece of incendiarism.

The probabilities now are that the Legislature will adjourn on Friday until the 10th of July next.

At a caucus of the House members last night it was almost unanimously determined to abandon the proposition of a convention.

WASHINGTON, May 8.

It is reported that Ex-Governor Reeder, of Kansas, now of Pennsylvania, will be appointed Brigadier-General in the army.

Lieutenant Jones, who fired the Harper's Ferry Arsenal, is appointed Quartermaster-General, with the title of captain.

The Virginians are not ready yet for an attack on Washington. General Lee insisted that the State line shall not be crossed by Virginians until they are attacked.

FREDERICK, Md., May 8.

It is said that Blanton Duncan, with several hundred Kentuckians, had arrived at Harper's Ferry, without arms.

Four hundred cavalry from Carlisle Barracks, are en route for Washington.

Governor Hicks replied to the Legislature that he neither authorized nor consented to the destruction of the bridges on the roads.

BALTIMORE, May 8.

Affairs at the Relay House are unchanged to-day. Gen. Butler tried the range of his guns with signal success. Thirty car loads of provisions went to Washington to-day. The trains are all rigidly examined.

The City Council appropriated money to rebuild the bridge at Comton, on the Pennsylvania Railroad.

Recruiting for the army is rapidly progressing.

ANNAPOLIS, May 8.

Lieut. Crosby, U. S. Navy, arrived here with the light boat which was stationed off Wind Mill Point, and removed by the secessionists. When seen she was 12 miles up the Wicomico river. Her crew had deserted her. Lieut. Crosby reports seeing a large number of cavalry on the shore.

The importance of Annapolis as a military depot is daily becoming more apparent.

WASHINGTON, May 8, 1861.

Mr. Simonton, Times correspondent, was wounded this afternoon by the accidental discharge of a gun, but is not fatally injured.

Excitement exists among the soldiers in consequence of the shooting of one by a policeman. The soldier was probably fatally wounded.

BALTIMORE, May 8.

Several arrests were made of parties charged with participating in the attack upon the Massachusetts troops. Yesterday and to-day there has been a stampede among the suspected; seventy of the rioters have disappeared.

The Legislature did nothing to-day.

PHILADELPHIA, May 8.

A special dispatch to the Post says: The Virginia troops are concentrating in force at Harper's Ferry, evidently intending to resist any attempt by the Government to repossess it.

No apprehension is felt by the Government of an attack on the forces at Cairo.

PHILADELPHIA, May 8.

Fifty West Point Cadets were detained here last night by the police, on the supposition they were about to join the secessionists. Information had been received that they had purchased arms in New York.

The mistake was soon rectified, and they proceeded to Washington, where they will be commissioned as Second Lieutenants.

WASHINGTON, May 7.

Major Anderson has this evening, with the consent of the President, accepted the command of the Kentucky brigade.

FREDERICK, Md., May 8.

The Legislature last evening voted unanimously against calling a Convention.

A NEW VERSE TO THE STAR SPANGLED BANNER.—At the Howard Athenaeum, Boston, on Saturday evening, the Star Spangled Banner was sung by Miss Cushman, with the addition of the following verse by Oliver Wendell Holmes:

When our land is illumined with liberty's smile,
If a foe from within strike a blow at her glory,
Down, down with the traitor that dares to defile
The flag of her stars and the page of her glory!
By the millions unshaken who our birthright have gained,
We will keep her bright banner forever unstained!

And the Star Spangled Banner in triumph shall wave
While the land of the free is the home of the brave!

A KENTUCKY DROVER ROBBED.—ARREST OF SUSPECTED PARTIES.—Last night four men, named Judson Bainbridge, Lyman Robb, Henry Lenniger, and E. G. Collins, were arrested on the charge of grand larceny. It seems that last Wednesday Mr. Henry Northcott, who resides in Kentucky, fell in with a party of sharpshooters.

They took him to a chilling show, on Main street, above Sixth, and while there abstracted his pocket-book, containing \$106. Afterward one of the above party called on Mr. Northcott and told him if he would give him \$20 he would get the money. He was paid \$10 and given a note for the same amount, and then disappeared. Mr. Northcott identified the parties under arrest. They will have a hearing in a day or two before Judge Saffin.—*Cin. Press.*

PROVISIONS IN CHARLESTON.—The captain of a schooner which arrived from Charleston on Monday morning reports a great scarcity of provisions in that city. The following are the prices charged for the articles mentioned: Flour, which he bought in New Orleans for \$5 50 per barrel, he sold in Charleston for \$10 50; pork was worth \$50 per barrel; bacon 20 cents per lb; butter, inferior quality, 50 cents per lb; fresh beef 50 cents per lb; hay \$2 per cwt. All other articles of food sold at proportionate rates.

MIRACULOUS ESCAPE IN A MINE.—A serious accident occurred recently at the Minnesota Mine, Lake Superior, in which Matthew Harris, who was doing some repairs near one of the upper levels of the mine, lost his hold and fell some three hundred and twenty feet, breaking both arms and one leg, and received other injuries. Strange as it may seem, he was living at latest accounts, and hopes are even entertained of his recovery.

LIFE PILLS AND PHENIX BITTERS.

THESE MEDICINES have now been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing varieties of human diseases in which the VEGETABLE LIFE PILLS are well known to be infallible.

Dyspepsia, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acid kind.

Flatulency, loss of appetite, Heart-Burn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of the cure.

Coughs, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Fever of all kinds, by restoring the blood to regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstructions in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

Also Hemorrhoids, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Scurvy, Ulcers, and Inevitable Sores, by the perfect purity which these Life Medicines give to the blood, and all the humors.

Scorbutic Eruptions, and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or by two in the worst cases.

Piles.—The original proprietor of these Medicines was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease; a cure by these Medicines is permanent—try them, be satisfied, and be cured.

Bilious Fevers and Liver Complaints.—General Relief of Appetite, and Diseases of the Lungs.—The Medicines have been used with the most beneficial results in cases of this description.—King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these Medicines. Night sweats, Nervous Debility, Nervous Complaints of all kinds, Paralysis of the Heart, Painters' Colic, are speedily cured.

Mercurial Diseases.—Persons whose constitutions have become impaired by the injudicious use of mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

The *WEEKLY COMMONWEALTH* is Two DOLLARS per year.

CONSULTATION OF STATE COMMISSIONERS.—We are requested to announce a meeting of the Kentucky Border State Commissioners in this city on Saturday next, 11th inst., for consultation. It is considered exceedingly desirable that all be present. Let no one of them neglect the important duty.

Secession Figuring—Where's Dilworth! We find the following in the *Russellville Herald*, of the 8th:

THE VOTE OF LOGAN.—At the election in this county, on Saturday last, for Delegates to a Border Slave States Convention, but one ticket was in the field, and that was the "Union Democratic." This ticket received 904 votes. Every one voted for it who was in favor of it, and hundreds others did the same thing as a token of respect to Mr. Crittenden, who we know to be devoted Southern men, and many of them in favor of immediate secession. All who did not vote for the "Union Democratic" ticket may be safely set down as against it. This being true, according to the tables of totals which we insert below, Logan county has declared against the "Union Democratic" ticket by a majority of 1,104.

<i>Total vote of 1861.</i>	<i>Total vote of 1860.</i>	
FOR UNION DEMOCRATIC TICKET.	FOR PRESIDENT & V. PRESIDENT.	
Russellville prec't,.....	45	434

Fillmore prec't,.....	179	195

Gordonville precinct,.....	217	179

Hogan precinct,.....	75	154
Adairville precinct,.....	75	223
Middleton precinct,.....	20	265
	904	2,008
		904

Majority against 'Union Democratic' ticket, 1,104

Now isn't that decidedly rich? It will be seen that the astute editor counts every vote that was not cast for the Border State Convention as a majority over the Union ticket. In other words, he makes the Union men vote for disunion by his patent process of figuring. Let us see. Suppose two tickets had been voted for in Logan county. Of course the Union vote must be taken from the aggregate Presidential vote, which would leave 1,104. Suppose, then, the disunion ticket had received every one of these votes which were not cast for the Border State ticket, the result would have been as follows:

Disunion,.....	1,104
Union,.....	904

A slight difference, but not remarkable for a secession editor. It will be noticed that at one precinct no votes were polled. We are informed that the judges and clerks of that precinct are disunionists, and refused to put the Union ticket on the poll books. Taking this fact into consideration, and allowing every vote which was not polled for the Union ticket to the disunionists, it will be seen that the secession majority of Logan county is only 200, less the Union vote of the Adairville precinct. Try again.

We learn by clothes line dispatch that a large number of letters have accumulated at Washington City for Charles D. Kirk, late editor of the *Woodford Pennant*.

Some three weeks since, Charlie started with Blant, Duncan's regiment for the Confederate army. He pompously announced that their post office address would be Washington City "for the present." He has not arrived there yet. That is because Jeff Davis has not taken the Federal Capital. He had better take a drink, and attack Fort Sumpter again.

VIRGINIA.—The aged Dominion is now begging most piteously for peace. War is not exactly what it was cracked up to be. Jeff Davis made a most miserable failure in attempting to carry out his first great programme, i. e. taking Washington City. Governor Letcher now protests that he intends to act only on the defensive. If he had not commenced a war on the United States Government, there would have been no occasion for acting on the defensive.

EVENING BULLETIN.—Our young friend, John D. Weems, of the *Telegraph Office*, has started an evening paper called by the above name. It will contain the afternoon dispatches, and will be eagerly sought for by our citizens. It is neatly printed and worthy of patronage. It will be issued about 4 o'clock, P. M., of each day.

READ! READ!—Larue county gives 1,123 for the Union, and 7 against it. Her total vote for the late Presidential candidates was 886. The majority for the Union over Presidential electors 240, and 60 votes more than she ever polled before.

Letter from Owsley County.

PROCTOR, Owsley Co., Ky., April 23.

DEAR SIR:—To-day there was a large gathering in this place, to behold the old flag run up, with all the stars and the stripes thrown to the breeze.

The ladies (God bless them! for they always were for the Union, and the flag of their beloved land,) were the larger part of the gathering, and they, without any direction, made it to suit their notions, and handed it over to the patriotic young men, to be hoisted high up in the air; and how well it was done; and there it still floats with glittering brightness.

Our very able and patriotic citizen, Wm. M. Fulkerson, Esq., made the crowd a long Union speech; going through the history of our government, traced with unerring certainty the cause of our troubles, and called on the citizens of Kentucky to let her remain just where she is, until time can be taken to bring about a final adjustment of our dissatisfaction, or let the North have the chance to accept or refuse equitable compromise, and then it would be time enough to strike for disunion and war. And, let me say, in conclusion, that so powerful and eloquent was the effort of Mr. F. that all present, under the sound of his voice, shed tears, and shed them copiously. Then our young and talented James M. Beatty was called for, who appeared and made a few brief remarks, in a most powerful manner.

There will be a very small disunion vote in this Congressional district. I trust this district will not forget Mr. F., as he will be before the citizens for Congress, and as far as I can hear he is the choice of the people.

Letter from Winchester, Ky.

WINCHESTER, Ky., May 5, 1861.

MR. EDITOR: Our glorious old county has polled a large vote for our Union Democratic ticket to-day. We have not yet heard from the country precincts, but the vote will be near a thousand. Secessionism finds but little countenance here. Our Douglas Democrats are standing up firmly; in the language of Lincoln, have put their "foot down firmly" against Secessionism, and in favor of an "armed neutrality."

An attempt was made a few days since to raise a company for the State Guard, and after exciting speeches and much martial music, and a still greater quantity of whisky, only thirteen or fourteen boys, and one or two men joined. In two or three days, we have privately, and without noise, raised nearly one hundred men for a "Home Guard."

Yours, &c., L. B. G.

Three Cheers for Mercer County, Ky., the Home of Gov. Magoffin.

HARRISBURG, May 6, 1861.

MR. EDITOR: In old Mercer, the home of Gov. Magoffin, we have achieved a glorious victory. The whole vote cast in this county was 1,750, of which 1,561 were given for the Union ticket. Last November Breckinridge received 992 votes, Bell 308, and Douglas 244. We shake hands with you in our inmost heart, and say to you, help us to rejoice, for Mercer has been redeemed.

Yours truly, MERCER.

It will be seen by the above, that the vote for the Union ticket is seventeen more than the combined vote of Breckinridge, Bell, and Douglas in the State Presidential election.

GARIBOLDI ON AMERICAN AFFAIRS.—THE HERO OF SICILY DEPRECATES DISUNION.—The Albany (N. Y.) Atlas says Mr. Edwin C. Bull of this city, has received an autograph letter from Garibaldi, which we are permitted to translate:

"GENOA, April 3, 1861.
"MR. EDWIN BULL: It is indeed painful to my heart to observe that while the Italians are using every endeavor to reunite themselves, the Americans hither united, are now working equally hard to separate. Try to avoid it. Your great people, like those of Rome, ought to understand that its mission is to form one great family from the North to the South. Do so, and you will be blessed by both men and God.
Yours, G. GARIBOLDI."

TODD AND CHRISTIAN.—We were in error in our estimate of the Union majority in these two counties. The combined Presidential vote was 3,010, the combined Union vote polled last Saturday was 2,100, which, taken from the total Presidential vote, leaves 910. This, taken from the Union vote, leaves 1,100 majority for the Union, counting every vote for disunion that was not cast.

TEXAS RANGERS FOR VIRGINIA.—Major Ben. McCulloch arrived in New Orleans on Friday, by the steamship Matagorda, direct from Austin, where he had been for several weeks. It is his intention to tender the Government the services of a regiment of Texas Rangers to protect the frontier of Virginia, provided there be any fighting there.

ARMS SEIZED.—The Vigilance Committee of Indianapolis seized five cases of muskets and three cases of military accoutrements Monday night. One of the cases purported to have come from the University of Notre Dame, but it is presumed the mark was placed on it for deception. When taken possession of the "contraband" articles were in cars on the Jeffersonville railroad.

WASHINGTON COUNTY GAVE 1,659 VOTES for the Union ticket on Saturday last. The total vote of the county was 1,750 votes given for county officers on the same day. The total vote at the Presidential election in the county was 1,219.

One of Jeff Davis' privateering schooners has been captured. It is likely that the officers and crew will be treated as pirates.

The Governor, in his message, speaks of "the logic of passing events." Wonder if that is any kin to "inexorable logic."

ELECTION RETURNS.

Letter from Spencer County.

TAYLORSVILLE, SPENCER CO., May 6, 1861.

MR. EDITOR: The election of delegates to the Border State Convention came off in Spencer on Saturday last, resulting in a vote of upwards of 600 for the Union and eight for the Opposition. In one of the rural districts some eight declared they would break up this Government and succumb to the Southern Confederacy.

The leaders of the Disunion party took water early on the morning of the election on the craft Jeff Davis, built by the architect, John Froman, and commanded by Captain L. Blanton, the fisherman, who is a zealous fire-eater, James P. Beard, Captain's mate, John S. Howard, Pilot, J. Y. Poignant, First Clerk, John Froman, Mud Clerk, R. C. McKee, barkeeper, Solomon Norman, Engineer, George W. Anderson, head cook and fisherman, John W. Wakefield, second cook, William L. Barker, fireman, Coleman Cain, porter, William H. May, steward, Benjamin T. Wells, boot-black. A better set of officers or a more jolly crew never commanded a craft of the kind, who, upon reaching the head waters of Salt river, in the county of Anderson, met with congenial spirits, who, having gained their sober senses, advised them to return to their first love—the Union—and part have failed to return, for the reason that war might ensue, and they would be compelled to face the music.

Letter from Carlisle.

CARLISLE, May 7, 1861.

DEAR SIR: The official vote of Nicholas for Delegates is as follows:

John J. Crittenden,.....	1,179
James Guthrie,.....	1,177
James F. Robinson,.....	1,176
R. K. Williams,.....	1,074
Archibald Dixon,.....	1,074
E. M. Bristow,.....	1,074
Joshua E. Bell,.....	1,074
C. A. Wickliffe,.....	1,074
G. W. Dunlap,.....	1,074
C. S. Morehead,.....	1,074
John B. Houston,.....	1,074
R. Richardson,.....	1,074

The total vote cast in the county is 1,626. At one precinct, the clerk had none of the names of the candidates except Crittenden, Guthrie, and Robinson upon the Poll Book. There, 102 votes were cast for those three gentlemen. This accounts for the discrepancy in the vote, as between them and the others of the ticket.

Respectfully,
W. P. ROSS.

Letter from Grant County.

WILLIAMSTOWN, May 6, 1861.

DEAR SIR—At our election held in Grant county for Delegates to the Border State Convention, we gave the Crittenden-Guthrie ticket 1,129. At the last Presidential election Grant gave a total vote of 1,486. We lacked 357 votes of carry the entire vote of Grant county. I hope the State has done as well as Grant county.

Very respectfully, yours, &c., E. H. SMITH.

Letter from Todd County.

ELKTON, May 8th, 1861.

WM. BROWN, Esq.: The following is the official vote of our county: Union Democratic ticket, 877; Southern Rights, *alias* Secession ticket, 7 votes, cast at Hadensville. Guard the interests of our county, and whenever our representatives look too far South, remind them of their constituents, and keep them in check. Very respectfully,
J. H. L.

The vote of Rockcastle county last Saturday was as follows—both tickets being in the field and voted for, viz:

Union Democratic ticket,.....	768
Disunion ticket,.....	13

Majority for the Union,..... 755
The whole Presidential vote was 704.

CRITTENDEN COUNTY.—In two precincts in this county—Marion and Hurricane—the Union ticket received 347, and the Secession 37 votes.

The official vote of Lincoln county is 1,127 for the Union, and 100 for secession.

[From the Knoxville Whig.]
Grand Jury Presentment.

The Marianna Enterprise, from Florida, of April 27th, comes to us with this notice under its editorial head:

"The circuit court for this county is now in session, Judge Bush presiding.
"Among the presentments before the Grand Jury, is 'Brownlow's Knoxville Whig,' presented as an incendiary sheet."
We look with scorn and contempt upon this effort to proceed to the secession rebels of Florida. We only call attention to it with a view to illustrate the *vile spirit* of the Southern Confederacy. Any journal that dares to expose their usurpations of power, their arrogant claims, and their refusal to let the people have a vote upon going out of the Union, is "an incendiary sheet." Drunk on mean whisky—resolved on repudiating their honest debts, and being hopelessly insolvent, many of these southern leaders in the wicked work of secession, desire to get up a war of plunder, in the vain hope of bettering their condition. And any paper daring to expose their loose code of morals is an incendiary sheet!

THE UNION FEELING IN MARYLAND.—There seems to be as much Union enthusiasm in Maryland now as in any State in the Union. The loyal citizens have obtained the ascendancy over the mob, and seem determined to hold it. The Legislature will probably adjourn to-day, and will not pass an ordinance of secession.

A letter from Fort Pickens to the New Orleans Delta, bearing date May 1st, says that the United States troops on Santa Rosa Island have been cutting down trees as if to make lanes for the broadsides of the ships. All their movements, in the opinion of the writer, indicate the determination of destroying the Navy Yard.

Union Meeting.

The citizens of Cold Spring, Campbell county, Kentucky, met at the seminary on Friday evening, May 3, 1861, and organized by calling Charles Murray to the chair, and F. S. Nigman secretary, after which the following resolutions were unanimously adopted:

Resolved, That our Senator and Representative in the Legislature are hereby respectfully requested and deliberately instructed to use all honorable means to prevent that body from adopting any measures whatever with a view of severing the Commonwealth of Kentucky from the Union.

Resolved, That this is not the time, nor is the present Legislature the authorized body to take any steps whatever to dissolve the Union; but, on the contrary, we take this occasion respectfully to remind them that they were elected two years ago, and to urge them to confine their actions to the purposes for which they were elected.

Resolved, That, in secession or a dissolution of the Union, no remedy exists for any evils or wrongs complained of by Kentucky or any of the southern States, but, on the contrary, all of them, in our opinion, are greatly augmented.

Resolved, That in the Union as it was, our Constitution as it is, and the judicial decisions as they have been rendered, we still cling, in this hour of trouble, as our only hope for the future safety, honor, glory of the country, and preservation of the liberty of the people.

AFFAIRS IN MEXICO.—The Fort Brown (Rio Grande) Flag, of the 18th ult., says:

The diligence from Monterey, which arrived the day before yesterday, brings information of a fight between Doblado and Mejia, and that the force of the former was badly beaten. It is further stated that Mejia is in full possession of Real de Catorce. If this be true, it is the inauguration of another revolution?

The Flag of the 25th says:
We learn that Degolado has become deranged; it is insinuated from poison administered at the hands of some of his attendants.

It is reported, we think reliably so, that Zacaitecas has fallen into the hands of the Reactionists, under command of Marquez and Mejia, in fact the Reactionists are in the ascendancy throughout the Bajilla—the interior valleys of the Republic.

From these sad omens we are led to believe that another revolution has been inaugurated in the Mexican States, and that the Government is not going to be able to sustain itself.

It is said that Queen Victoria has sunk into settled melancholy since the death of her mother, and it is feared she will not recover her mind. In consequence, drawing-rooms have been put off till the end of June.

STATE TREASURER.
We are requested to announce JAMES H. GARRARD, the present Treasurer, a candidate for re-election at the next August election. feb18 w&tw

SHELBY COLLEGE LOTTERY.—Being anxious to carry on my business lottery in Frankfort, and to relieve the distressed by selling them a fortune, independent of the ups and downs of life or enemies, I have resolved, and determined, to sell some magnificent high prizes to some lucky individual. Be on the alert! It has been favorably spoken of that a lady of fortune be drawn for by a lottery. So we will all take a chance. Bear in mind that life is but a lottery at best, and it is a long lane that has no turn. Procrastination is the thief of time. Adventures make merchants. Prizes have been sold in abundance; and what has been done can be done again. Two lotteries in Kentucky, one for the benefit of Shelby College, and the other for the benefit of the town of Frankfort.—Remember a faint heart never won a fair lot nor a golden prize. Come! come! try your luck; the goddess of fortune awaits you.

Our great alarm now is secession, coercion, submission, and war. We desire, from the deepest convictions, that our national troubles shall cease. Peace to all the world, and "the rest of mankind."
Our office is opposite the Farmers' Bank of Kentucky, Main street. Give us a call.
MAY 8, 1861—31.
R. H. WENDOVER.

FRUITS OF THE SECESSION MOVEMENT.—Geo. R. Kite, his little daughter, mother-in-law, and sister-in-law were murdered the other night in Hawkins county, Tennessee, by his own negroes. The house was afterwards fired and destroyed, and a little boy and young man, who were sleeping in another part of the building, made a narrow escape with their lives. Three of the negro men, against whom suspicion is directed, have been arrested and lodged in jail at Rogersville, to await trial.

We regret to learn that Shellman Key, Esq., a citizen of Washington, Kentucky, died at the Broadway Hotel in this city, yesterday. He was a gentleman highly respected. He was the youngest son of the late Marshall Key, and brother of Hon. T. M. Key, of this city.—*Cin. Com.*, 9th.

DIED.
Near Bridgeport, on the 6th inst., Edward Exum, of Mississippi, aged 18 years.

He came among us a few months since a stranger, but in a strange land he found friends. Possessed of a noble heart and a winning disposition, he drew us towards him as with a magic hand, and

"the soft memory of his virtues yet lingers, like twilight hues when the bright sun has set."
To those who are bound to him by ties of blood, I could ask, mourn not. He was ready and willing to die; the grave had no terrors, death no sting; and though your hearts are stricken because of the thought that he has gone, remember that he was taken away by One "who death all things well." Though the sunny hours enjoyed with the one beloved, the soothing tones of the loving voice are gone, there comes a whisper to the bruised heart, "weep not; I am with my Father, thy Father, my God, and thy God." Then look above the scenes of earth, and list to the songs of angels and the loved one, for the soul imprisoned is now singing the songs of the New Jerusalem.

COUGHS. The sudden changes of our climate are sources of PULMONARY, BRONCHIAL, and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually ward off. PUBLIC SPEAKERS AND SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. nov26-w&twm.

MRS. WINSLOW,
An experienced Nurse and Female Physician, has a soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums and reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effective Alternative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alternative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to the large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, Eruptions and Eruptive Diseases, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSENTERIA AND INDIGESTION, ERYSIPELAS, ROSE ON THE FACE, AND ALL THE VARIOUS WINDS OF THE CLASS OF COMPLAINTS ARISING FROM IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions, and ulcers, sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, keep longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this purgative of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues which it is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

SOMETHING NEW!

Daguerreotypes, Ambrotypes, Photographs, and Ivorytypes.

H. L. GOODWIN,
TAKES pleasure in informing the public that he has returned to Frankfort, and taken the Gallery of C. A. Clarke, adjoining the Telegraph Office, and that he would be pleased to wait on those wishing perfect Likenesses of themselves or friends. He is confident he will be able to please the most fastidious in any kind of picture they may desire, from a life-size portrait to the smallest Daguerreotype or Ambrotype. Also, Daguerreotypes of deceased persons enlarged to the size of Life and Colored in Oil, and satisfaction given.

I am also prepared to make those gems of Photography, the Daguerreotype, which is truly the most durable small picture yet produced. The Ivorytype, (made only at this Gallery,) is acknowledged by all to be the most beautiful style of Photographic pictures ever presented to the public. In brilliancy of tone and color, delicacy of finish, correctness of likeness, and durability, it is far superior to the best miniature on Ivory.

DO YOU WANT WHISKERS? DO YOU WANT WHISKERS? DO YOU WANT A MUSTACHE? DO YOU WANT A MUSTACHE?

Bellingham's celebrated Stimulating Ointment for the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated and world-renowned article.

THE STIMULATING OINTMENT is prepared by Dr. C. P. Bellingham, an eminent physician of London, and warranted to bring out a thick set of

WHISKERS OR A MUSTACHE in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as it were magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure baldness and cause to spring up in place of the bald spots a new growth of new hair. Applied according to directions, it will turn grey or white hair dark, and restore gray hair to its original color, leaving it soft, smooth, and flexible. The "Ointment" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

And subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all Druggists and Dealers; or a box of the "Ointment" (warranted to have the desired effect) will be sent to any who desire it, by mail (direct), securely packed, on receipt of price and postage, \$1 15. Apply to, or address,

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING.

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation, will allay ALL PAIN and spasmodic action, and is a SURE to regulate the Bowels. Depend upon it, mothers, it will give rest to yourselves and Benefit and Health to your Infants.

We have just put up and sold this article for over ten years, and can say, in confidence and truth, of it, what we have never been able to say of any other medicine—never has it failed in a single instance to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medicinal virtues. We speak in this matter "what we do know" after ten years' experience and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the Syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER-FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve Griping in the Bowels and Wind Colic, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SUREST REMEDY the world in ALL cases of DYSENTERY AND DIARRHEA IN CHILDREN, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be SURE, yes, ABSOLUTELY SURE, to follow this medicine, if timely used. Full directions for using and accompanying each bottle. None genuine unless the face simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggist throughout the world.
